### Outline

Our *Teaching Lexically* course offers you the opportunity to take a fresh look at all areas of your teaching, with teenagers and adults from principles of how language works to what and how you teach. It may completely revolutionise your classroom or it may just give you support and new ideas about the way you are teaching already. A stimulating, practical course based on a love of language and teaching **and** two weeks of lovely London in the summer. What more could you want from a training course?
